Dear Harold,

Coming to Dallas! Great-- let me know the flight no. and I will meet you. I have about 6 people I want you to meet, but "l Chapman is not one of them, so if you can cool him it will help. If you want to spend some time with him, maybe we can split the time, but I am not going to tell anything in his presence. I have no reason to change my mind about him yet.

I'd love to have your wife meet you here and spend some time with hs. We will be back from Venezuela on Nov. 16-- and will go to Mich and NY on Nov. 24, but 20-21-22 here could be well spent if you can afford it--time I mean. Here is a check--long overdue, bur we have been in a bind too.

Al says he has you lined up with Chuck. I doubt if there is anyone else on radio or TV who would have you.

Send me at least 6 of your CIA Whitewash, I haven't even seen it.

My book is selling 4 a day-- ain't that great.

Drop me a line when you can say more on yourplans.

Sincerely,

Penn
